New Frontiers Charter School Parents and Community Members,

Our campus was identified as *Improvement Required* the past three consecutive years due to STAAR results. Although our scores have improved, we still must continue to focus on increasing our students' academic performance. As part of the improvement process, we are required to develop and implement a turnaround plan that includes input from parents and community members. Once the plan is developed, it will be shared with parents, community members, our school board and Texas Education Agency.

In providing input, please share your concerns and areas that need improvement as well as offering possible solutions or ideas. All stakeholder input will be considered in the development of the turnaround plan.

New Frontiers Charter School will receive written input from parents and community members through a public meeting on the following date and time:

- Thursday, March 31, 2016 – 4:30 p.m. Parent and Community Input Meeting.

In addition, hard copy input forms will be available at New Frontiers Charter School main office.

Respectfully,

Ruben Pesina, Principal
